

Slate PDF Reader & Annotator

User Manual & Interactive Test Document

Welcome to Slate! This document acts as both a user manual and an interactive sandbox to test Slate's custom tools, keyboard navigation, search, and link systems.

1. Clickable Link Tests (Select Mode 'V' only)

Below are two hyperlinks. Switch to Select Mode (press 'V') to click and test them:

- [Click here to jump to Page 3 \(Sandbox\)](#)
- [Click here to open the Slate Project Directory](#)

2. Vim-Style Document Search Test

Press Ctrl + F or '/' to open the floating, debounced search bar. Type 'sandbox' or 'banana' to see matches highlighted. Use Enter/Shift+Enter to jump between them.

3. Outline Sidebar navigation

Press F9, O, or 'O' to toggle the Table of Contents sidebar. You can use standard Vim keys (j/k) to scroll the PDF canvas, and press Escape to close the sidebar.

Keyboard Shortcuts & Tools Reference

Annotation Tool Modes

- **V** Select Mode (Text Selection & Link Interception)
- **H** Highlight Mode (Translucent highlighting overlay)
